

5-Module Pedagogical Blueprint

DOCUMENT: M&M-ARCH-02 | KNOWLEDGE OPERATIONS ARCHITECTURE

PURPOSE

Transform 40+ pages of unstructured documentation into a structured 5-module customer onboarding pathway completed in under 25 minutes.

MODULE 1: WORKSPACE INITIALIZATION & TEAM ACCESS

Target: 3:30

Core Outcome: User configures account and invites initial team members.

Verification Gate: Workspace active, invitations dispatched.

MODULE 2: CORE INTEGRATIONS & DATA SYNC

Target: 4:00

Core Outcome: Connecting primary CRM, Slack alerts, and API webhooks.

Verification Gate: Test signal sent and successfully received.

MODULE 3: CREATING YOUR FIRST REVENUE ASSET

Target: 5:00

Core Outcome: Guiding user through building their first live project/board.

Verification Gate: Primary asset saved and published.

MODULE 4: ADVANCED WORKFLOWS & AUTOMATED TRIGGERS

Target: 3:45

Core Outcome: Setting up automated routing and notification rules.

Verification Gate: Automation rule triggered successfully.

MODULE 5: GO-LIVE VERIFICATION & TROUBLESHOOTING

Target: 4:00

Core Outcome: Understanding analytics, export options, and quick-support channels.

Verification Gate: Final onboarding badge unlocked; churn risk eliminated.
